To Tire Mileage

A Boston tire dealer, for three years, has gathered data on Miller Tires. And he reports as follows:

Users find their tire mileage increased from 50 per cent to 75 per cent.

Blow-outs have been climinated. Uniform mileage has been accomplished. Only six tires in 1,000 come back for adjust-

ment - only five Miller Cords in a year. A Louisville dealer compared wear and mileag. on 116 styles of tires which he repaired. The constant Miller supremacy has caused him now to handle the Miller Tires only.

A California stage line made million-mile comparisons with 21 leading makes. And the Miller won by long odds.

You owe yourself a comparison on your own car. The Miller is the tire of the day.

Tread Patented Center tread smooth, with suction cup, for firm hold on wet asphalt. Geared-to the-Road side treads, mesh like cogs in dirt.
